Game

Ravensburger® Games No. 21 383 2

An exciting race for **2–4** players aged **3** years and up.

**Game idea:** Game by Forrest-Pruzan Creative LLC, produced under license from Ravensburger North America, Inc.

**Design:** Forrest-Pruzan Creative LLC / Yellow Fly Design, UK

Join Peppa Pig, George, Susie Sheep and Pedro the Pony on the way to school. But watch out! The paths can change direction at any time and make you late for school! Shortcut paths could zoom you full speed ahead, or push you backwards! You'll never know when they'll mix and flip. Who will be the first to make it in time for school?

## Contents

- 1 Game board with 4 slide tiles (interchangeable)
- 4 Playing pieces with stands
- 1 Spinner with pointer and holder

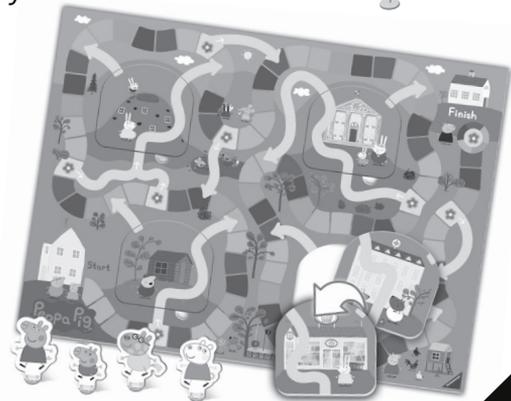

The **aim of the game** is to be the first player to reach the finish space (school).

## Game setup

Place the game board in the middle of the table and insert the 4 slide tiles in the openings in any random order. Fix the pointer to the spinner as shown in the illustration.

Each player chooses a playing piece, inserts it into its stand and places it on the starting position on the bottom left of the game board.

## Order of play

The youngest player begins with play continuing in a clockwise direction. On your turn, spin the spinner and carry out the corresponding action:

### Coloured fields:

Advance your playing piece to the next matching colour (pink, orange, red, blue or purple).

### Flip over 1 slide tile:

Take out one slide tile, flip it over, and put it back where it was in the game board. Then, spin again and carry out the corresponding action.

### Swap positions of 2 slide tiles:

Pick any two slide tiles, without flipping them over, swap positions, and put them back into the holes in the game board. Then, spin again and carry out the corresponding action.

### Flower icon:

Advance your playing piece to the next flower icon and follow the slide in the direction of the arrow. Sometimes the slides will put you further ahead, and sometimes further back.

More than one playing piece can occupy the same field at a time.

**The game is over** once the first player reaches the finish field. They are the **winner** of this round! You can step on the finish field by spinning all colours or the flower icon.
