

Match the Balloon

Ravensburger® Games No. 21 406 8

Great fun for 1–4 children aged 3+

Contents:

- 4 game boards
- 24 coloured balloon counters (6 different colours)
- 1 coloured dice

“Match the Balloon” game is a fun way for young children to develop important pre-school skills, whilst playing with Peppa Pig and her friends. This game will help to encourage the following skills:

- Colour recognition
- Colour matching
- Colour sorting

The object of the game is to be the first player to cover every balloon on your own game board.

Preparation:

Before you start the very first game, carefully punch out the counters from their cardboard frames. Each player chooses a board and places it in front of them. Return unused game boards to the box. It’s also fun to play alone and to help Peppa Pig and her friends to catch the balloons! For one player only one game board and one balloon counter of each colour is needed.

Playing the Game:

The youngest player starts and throws the dice. If they throw a green, they take a green balloon counter and place it on the matching balloon on their game board. The game then plays in a clockwise direction to the next player, who rolls the dice in the same way, collects a balloon counter and places it on their board.

If you throw a colour that you have already matched on your board, the game passes on to the next player.

The game ends when one of the players matches all of the balloons on their game board. This player wins the game.

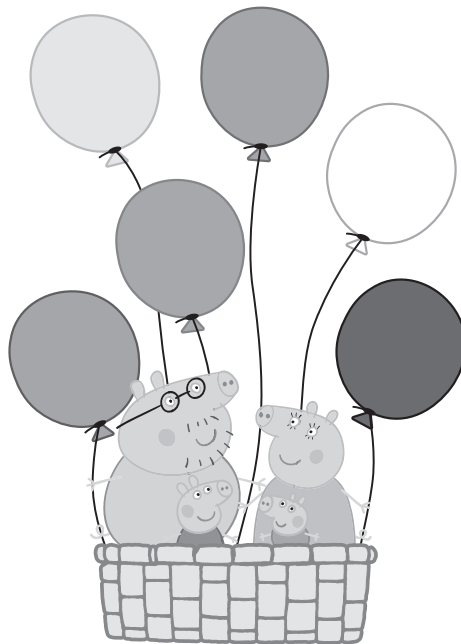

Note for parents and teachers

In addition to developing matching and sorting skills, this game will help young children learn the basic rules of play, common to most games:

- *To accept the rules*
- *To wait their turn*
- *To roll the die only once*
- *To play to the end of the game*
- *To be considerate*
